ROLAND FROSCHAUER grew up around cameras - but none of them were his own. He accompanied his father on countless photo trips, patiently carrying a tripod and lenses without taking pictures himself.

The late entry into photography was long preceded by well-founded training in the areas of prepress and reproduction technology. Vienna's legendary „DieGraphische!“ was therefore for him just as compulsory as a cure before entering the family's own printing business. His photographic career includes a Master photography degree, QAP certification, as well as being chosen to be an ambassador of Hasselblad's legendary V-World Circle for multiple years and Phocus expert member.

Roland Froschauer's high end equipped LICHTSCHREIBER Studio in the heart of Austria is the home for his still-life and portrait shootings. In the studio, as well as around the globe, the Austrian artist works in the areas of industry + advertising, classic car + transportation, as well as product photography.

## DAY 1

Arrival in TROMSØ on Saturday, October 30th 2021

Meeting point: TROMSØ Airport around 2 pm, alternatively pick up in the city between 3 - 4 pm

Short visit to TROMSØ city center and harbor

Transfer by Minibus from the airport to the Lyngen Experience Lodge: Welcome Dinner at the Lodge

TONIGHT'S FOCUS: Lecture on how to photograph the Northern Lights & Northern Lights chasing

## DAY 2

10 am Hiking Trip to Lyngstuva to explore a shipwreck (distance about 1,5 km)

Picture motives: shipwreck - coastline - eagles - local flora & fauna - waterfalls

TODAY'S FOCUS: Long Exposure Photography with Tripod, lecture on Fine Art Printing afterwards individual photo selection and editing. Printing.

EVENING PROGRAM: Lecture and Northern Lights chasing with THE specialist Kjetil Skogli

## DAY 3

10 am Trip by car to Havnnes Handelsted to the last stockfish market that has remained as traditional as it was in 1800 - fresh shrimp lunch

Picture motives: air dried stockfish - cod heads - small harbor - stockfish drying racks - romantic boat houses next to the sea - fishing boats - landscape - still life - food

**TODAY'S FOCUS:** How to capture special light effects, for example flashlights or strobe lights

**EVENING PROGRAM:** Another chance for your best Aurea Borealis shot

## DAY 4

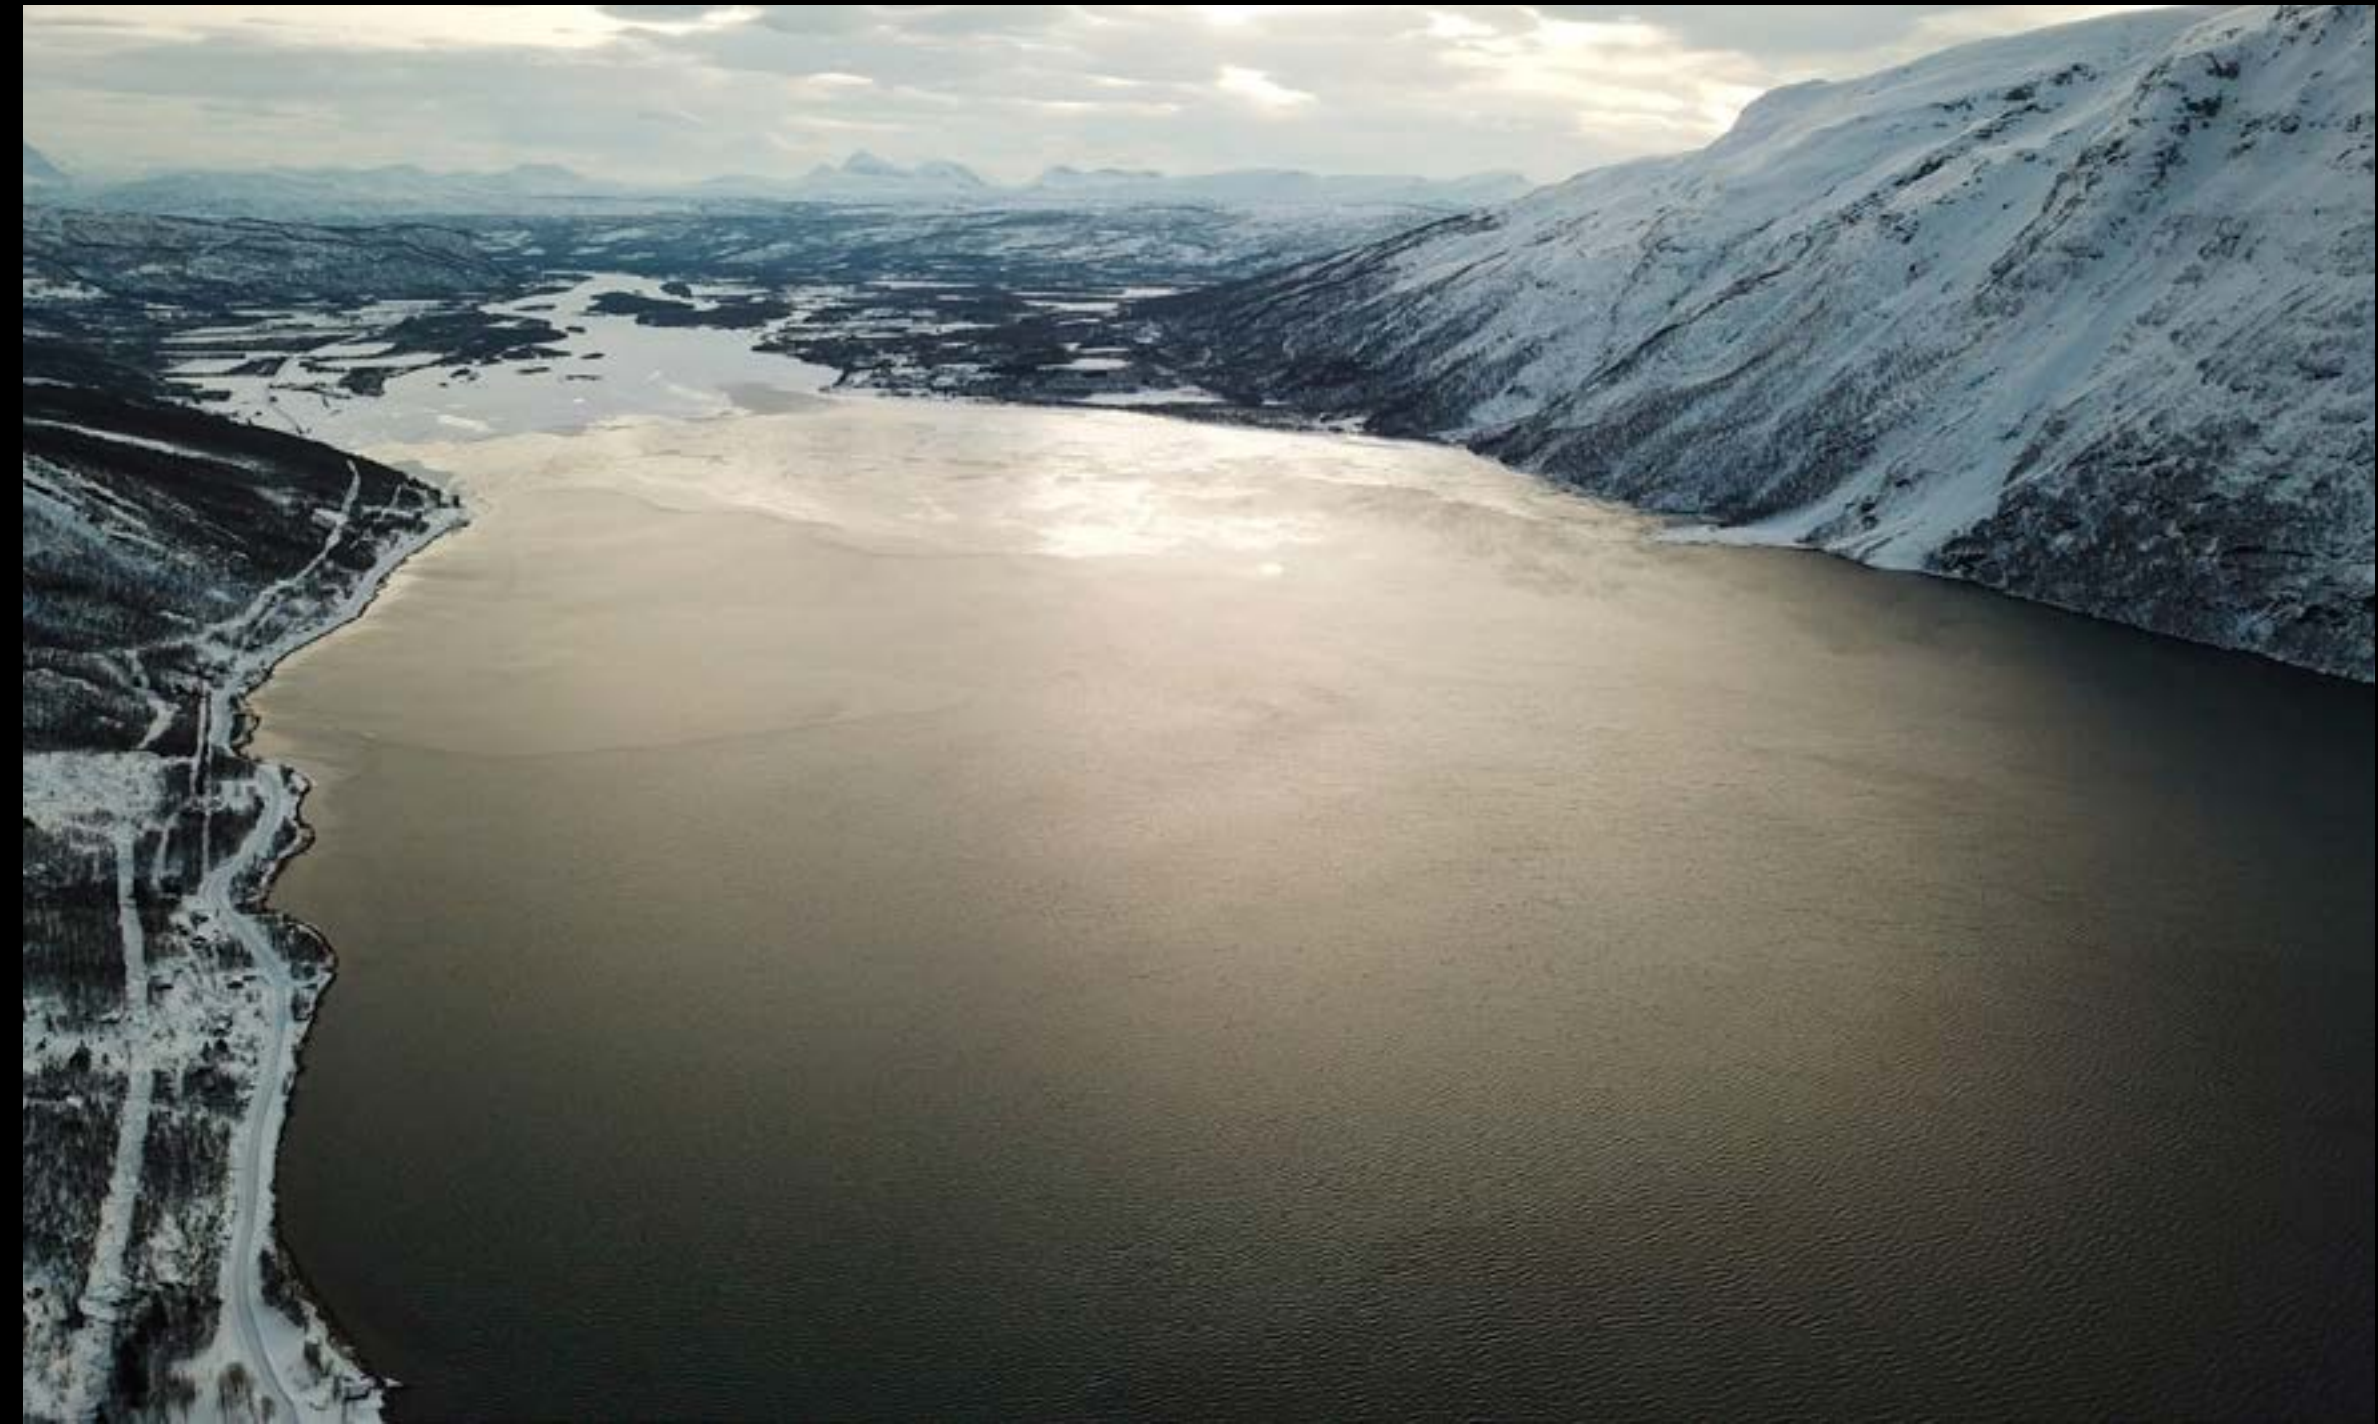

10 am Drive to the worlds' most Northern Whiskey Distillery "Aurora Spirit" in Lyngseidet  
You'll get a glimpse into the mysterious past of Viking age drinking customs,  
making moonshine in Norway and taste them as well.

Picture motives: shore formations - landscape - weather moods - still life - story telling

TODAY'S FOCUS: Density, graduate and PLC filter - photo editing & today's Fine Art prints

EVENING PROGRAM: Last chance for your best Northern Lights shots, if you haven't captured them yet!

## DAY 5

10 am Transfer by car to the Airport TROMSØ

Recommended Flight: LH 871 Tromsø 14.15 pm - Frankfurt 17.45 pm

From Frankfurt there are very good connections worldwide

Hopefully you will be travelling home safely with a folder of your best Northern Lights and other favourite prints!

We strive to make your experience as perfect as possible - weather related exchanges in the program may occur.

## YOUR HOME AWAY FROM HOME

### The Lyngen Experience Lodge

is positioned on the shore of Lyngen Fjord with sweeping 180 degree sea views.

It has been designed to host groups of people with special common interests like skiing, outdoor experience programs, Yoga retreats and photography workshops to name a few.

The Lodge offers 9 double bedrooms each with ensuite bathroom. A Finnish Sauna with panorama window and an outdoor Jacuzzi is waiting for you to be enjoyed including Spa relaxation area.

Because of the remoteness of the location even just lounging outside the Lodge often presents a great possibility to experience Northern Lights. Our group will be there exclusively.

THE ORIGINAL AURORA CHASER

**KJETIL SKOGLI**

*Your VIP/private tour supplier*

## Premium Northern lights with Lyngen Experience Lodge

Kjetil Skogli and Lyngen Experience Lodge present an amazing opportunity to immerse yourself in the world of the Northern Lights.

### We have the privilege to spend one evening/night with KJETIL SKOGLI - THE AURORA CHASER

Many call his tours the 'Original Aurora Chase', as he is the first one who really tracked down this phenomenon. From when he started in 2003 with Northern Lights photography and guided tours in 2006, he has witnessed an amazing increase in winter tourism.

With more than 1200 tours, 500.000 km on the road and 7.000 guests, he has finetuned a concept which will give you one of the best chances to see the Northern Lights. With a hit rate of more than 95% you are in good hands and he is doing his best to treat and help you personally – his goal is to make you feel safe and comfortable whilst you feel the excitement of chasing the Northern Lights. He is most known as the one who found the Lights for Joanna Lumley/BBC in her documentary "In The Land Of The Northern Lights", a program which kicked off the winter tourism in northern Norway.

Not to mention Brian Cox/BBC "Wonders of the solar system", Globo Sporto "Planeta Extrema"/Clayton Conservani, Norwegian TV (documentary) and several other companies/artists. Charles Woolley from "60 min Australia" produced a 60 min program about Kjetil and the Northern Lights. Also, Brian May and Roger Taylor from Queen chose him to help them to find the exclusive Aurora Borealis. And he did.

His passion and knowledge for photography, astronomy, meteorology and local knowledge are true benefits to help him find the Northern Lights for you. Rumours say he can predict the Northern Lights down to a few minutes.

He is working only with small groups to guarantee a great experience.
